

**2009-2010 Leadership Team
Announced**

It is with great pleasure and pride that I announce the newly elected members of the C2E Leadership Team for the 2009-2010 school year. As the selection of each year's team is most difficult, we utilize a broad spectrum of people to elect each year's team. Leadership Team members are elected by majority vote using an anonymous ballot which is provided to the Middle School and Specials Teachers, Administration and the current Leadership Team. Staff Members who have children in seventh grade are exempted from voting. Elections are held this way to get the most well rounded team available in a process that utilizes input from a variety of levels.

Everyone who is allowed to vote is reminded that Leadership Team membership is not a popularity contest and comes with heavy responsibilities. Each Voting group is encouraged to choose only those students whose behavior and attitude show them to be the most capable of working with our youngest students as mentors and peer-tutors.

Congratulations to:
